## Procurement Timeline

Task	Due Date
Issue Date	01/16/2026
Deadline to Submit Questions	01/28/2026 by 4:00 pm EST
Posting of Questions/Clarifications	01/30/2026
Proposal Submission Deadline	02/27/2026 by 4:00 pm EST

**Question 1:** Can you please provide us the proper WEB SITE LINK or PDF document to participate in this TECHNOLOGY RELATED requirement, and how to become added as a vendor for any future TECHNOLOGY related demands for your organization kindly?

**Response 1:** If you are interested in bidding on this opportunity, please see FCC Form 470# 260012861 and all associated documents in USAC’s E-Rate Productivity Center (EPC) portal. That can be located at: [portal.usac.org](http://portal.usac.org)

**Question 2:** I just wanted to quickly confirm the model listed in 470 # 260012861 for C2 North Capitol is accurate. It shows the C9404R. Another 470 you posted listed the C9407R I just wanted to confirm if this one was intended to be filed for the same C9407R or if the C9404R is accurate?

**Response 2:** Please see 470# 260012861 and all associated RFP documents. The make/model (or equivalent) is correctly listed as the C9404R.

**Question 3:** While the RFP indicates a 24 month contract with extensions, would a 36 month and/or 60 month be considered?

**Response 3:** Yes. In addition to a 24 month contract with extensions, a 36 and/or 60 month term will be considered. Offerors may bid a 24 month term with extensions, a 36 month term, and/or a 60 month term.

FY2026 FPCS Service Specification C1 North Capitol section titled Contract Term and Modifications paragraph three is amended as follows: Offers of month-to-month or contracted services will be considered. Service providers submitting proposals for contracted service are requested to provide 24-month pricing. Unless otherwise stated, the customer can voluntarily extend the agreement for two (2) additional twelve (12) month terms. Additionally, FPCS will consider contract terms of 36 and/or 60 months.

**Question 4:** Would it be possible to schedule a site walkout with either a school or building management representative?

**Response 4:** No site visit will be offered.

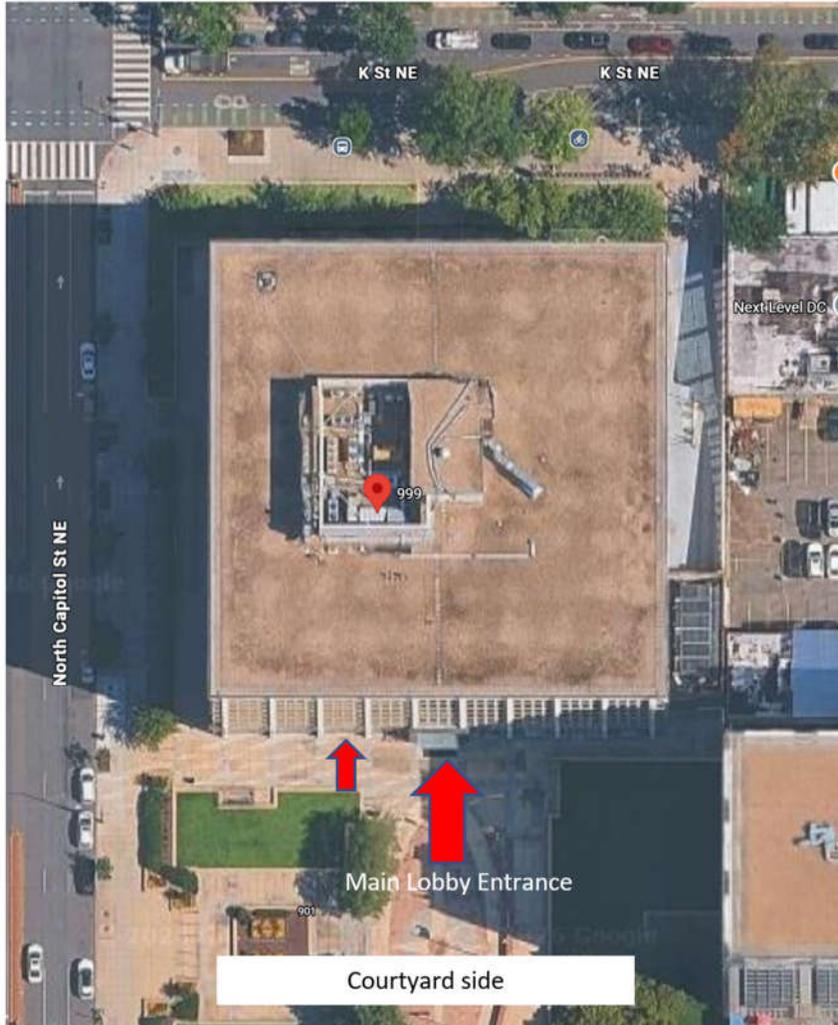

**Question 5:** Is there is only a single point of entry into the building or more than one, and where specifically each is located?

**Response 5:** There are multiple points of entry into the building. Please see diagrams below:

**Preferred Internet entrance location** - Preferred point of entry is from the courtyard side of the building, which is where the main building lobby entrance is located.

FPCS will also have direct access to the first floor office space from this same courtyard side (small red arrow).

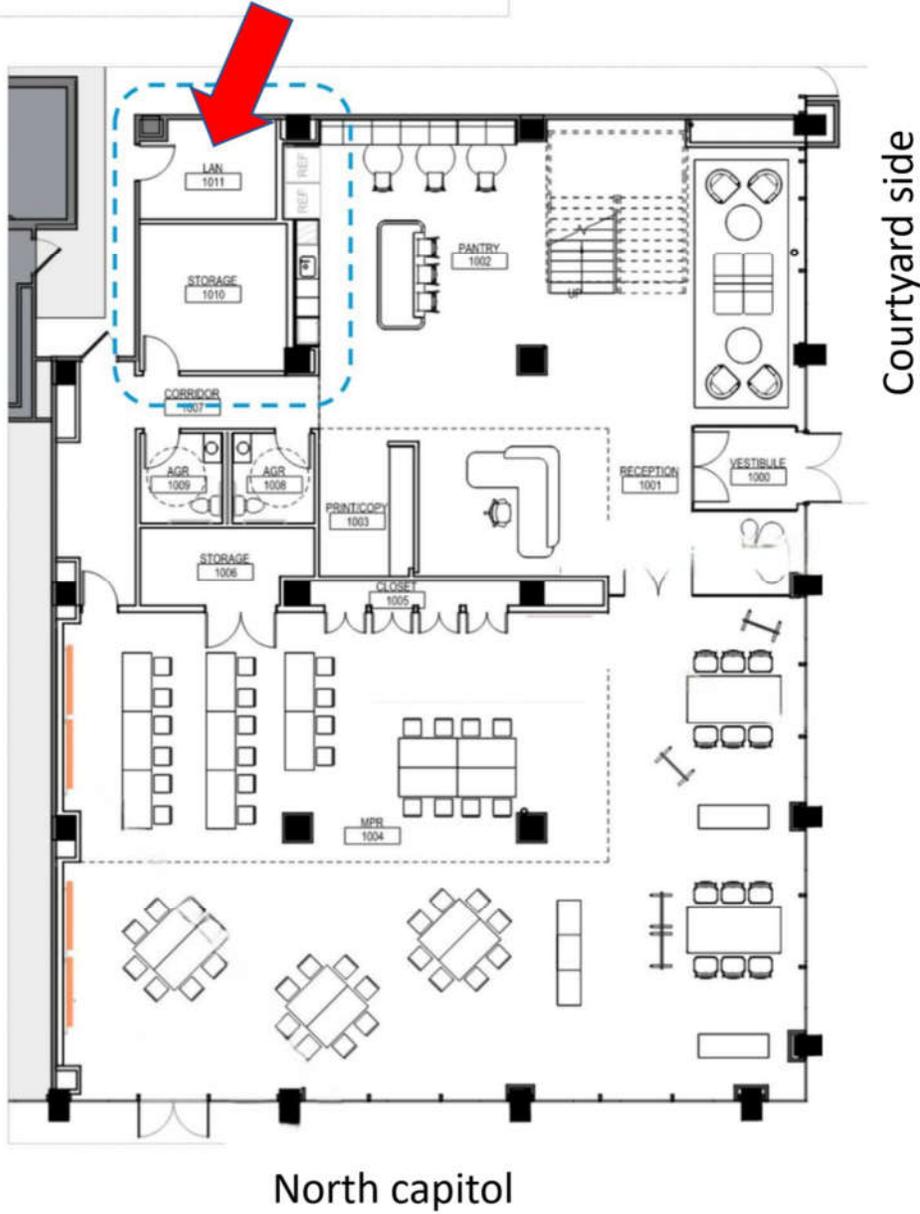

(FYI -Underground parking entrance is located at K street side)

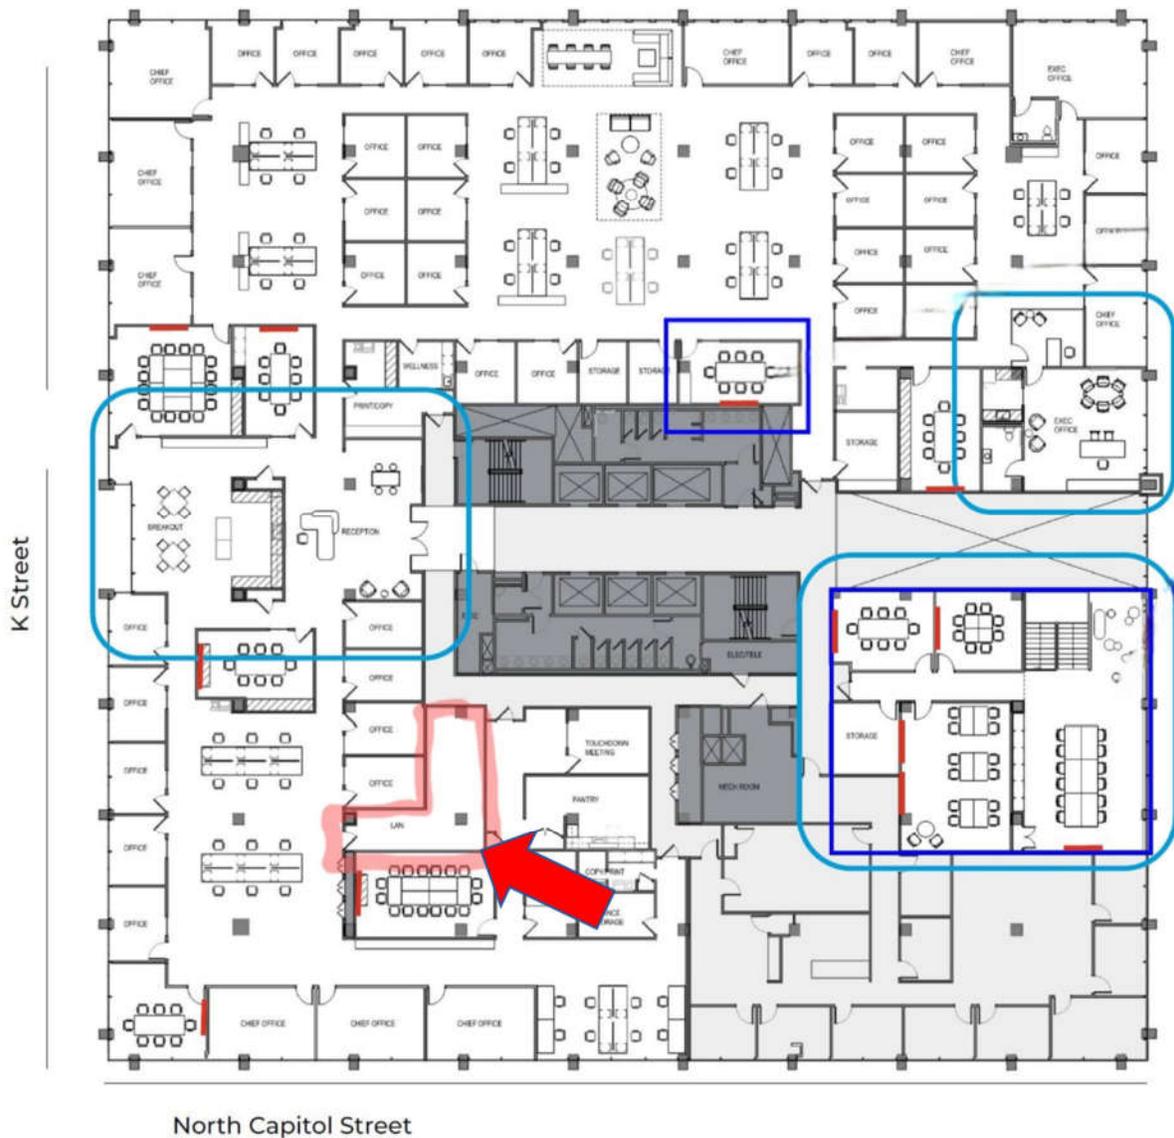

Please note that this is an operating commercial building with multiple existing tenants. ISPs should assume standard commercial building pathways, conduits, and demarcation options consistent with similar multi-tenant environments.

Please see floor plans below for vendors to have available in formulating a response.
